

CarHandled Toolkit

Buy Estimator — Premium Edition

Your Premium Car Buying Companion

The CarHandled Buy Estimator is designed to bring clarity, strategy, and confidence to your car-buying journey. Run your numbers before you talk to a single dealer.

WHAT THIS TOOL HELPS YOU DO

- ✓ Estimate monthly payments and total purchase cost.
- ✓ Adjust for taxes, fees, trade-ins, and down payments.
- ✓ Compare financing options and evaluate affordability.
- ✓ Make informed, pressure-free decisions with confidence.

HOW TO USE

1. Open the **.xlsx file** in **Microsoft Excel** or upload to **Google Sheets** (File → Import) to edit in your browser.
2. Only edit cells highlighted in **gold/yellow** — all other cells are formula-protected to preserve accuracy.
3. Hover over field titles for instant guidance on what each input means.
4. If columns appear tight, set zoom to 90% or enable Wrap Text in your spreadsheet app.

IMPORTANT NOTES

- Your data stays private — this tool does not collect or transmit any information.
- For personal use only (see License Agreement included in your toolkit).
- Always verify your final numbers in writing with the dealer before signing.

TERMS OF USE

By using this tool, you agree not to:

- ✗ Share, resell, or redistribute this file.
- ✗ Publish screenshots, templates, or modified versions publicly.
- ✗ Reverse-engineer formulas or repackage as your own work.
